Professional Summary

UX/UI Designer specializing in Human-Computer Interaction (HCI) with hands-on experience in digital product design, user research, and usability testing. Completed a 4-month UX internship at Alinma Bank and advanced UX training through the Trainees x Syarah program at Cradis. Proficient in end-to-end design workflows including discovery, information architecture, wireframing, prototyping, and accessibility compliance (WCAG 2.1 AAA, DGA standards). Experienced with AI-driven UX research tooling and design systems. Committed to delivering user-centric digital solutions that balance functional efficiency with modern, intuitive aesthetics.

Professional Experience

Alinma Bank — Riyadh, Saudi Arabia
UX/UI Design Intern — *Mar 2025 – Jul 2025*

- Conducted comprehensive user research and heuristic evaluations for digital banking features to improve user retention rates, leveraging Figma for design documentation.
- Analyzed complex user journeys and wireframed intuitive interaction flows, reducing user drop-off during transaction processes through iterative usability testing.
- Collaborated with cross-functional product teams to audit existing interfaces and ensure compliance with accessibility standards (UX auditing).

Syarah — Trainees x Syarah Program (Cradis) — Online, Saudi Arabia
UX Design Trainee — *Aug 2025 – Nov 2025*

- Conducted stakeholder interviews and comprehensive user research to align design iterations with business KPIs using strategic discovery and competitive analysis methodologies.
- Applied Affinity Mapping and Customer Journey Mapping to identify critical friction points, optimizing conversion paths and improving user retention metrics.
- Defined core product challenges using the How Might We (HMW) framework and managed design backlog through prioritization matrices.
- Structured complex information architecture via Card Sorting and mapped seamless user flows to maximize usability and minimize cognitive load.

Projects

Syarah Platform — UX Case Study | Figma

- Optimized the digital car-buying journey and e-commerce checkout flow through data synthesis and user research, eliminating friction points to increase overall conversion and retention rates.

SEEN — AI UX Research Agent | Claude Code, Claude Design, Figma

- Designed and pioneered an AI-driven voice interviewing Proof of Concept (POC) that automates qualitative user research for the MENA market, delivering 20 deep-dive contextual insights overnight, significantly reducing research cycle time.

UQU Bawabati Academic Portal Redesign | Figma, Claude Code

- Re-engineered and developed a responsive frontend ecosystem to modernize Umm Al-Qura University's legacy academic portal, reducing information retrieval time-on-task by 60% and achieving a 100% task success rate through a flattened architecture compliant with DGA standards and WCAG 2.1 AAA.

Education

Umm Al-Qura University — Makkah, Saudi Arabia
B.Sc. in Software Engineering — Human-Computer Interaction (HCI) Track — *Aug 2022 – Jun 2026*

Certifications & Professional Training

UI Design & Design Systems Intensive Bootcamp — Cradis — UI Design Certification 2026 (Ongoing)
AI-Powered Product & UX Design — Cradis — AI + UX Design Certification — Completed Jun 2026
UX Bootcamp — Trainees x Syarah — Cradis — UX Design Certification — Completed Nov 2025 (4 months)
UI Bootcamp — Nmakn — UI Design Certification — Completed Apr 2025 (1 month)

Skills

User Research & Strategy: Stakeholder Interviews, Competitor Analysis, User Personas, Empathy Mapping, Customer Journey Mapping, Card Sorting, How Might We (HMW) Framework, Prioritization Matrices
Information Architecture & Interaction Design: User Flows, Site Mapping, Low- & High-Fidelity Wireframing, Prototyping
Usability & Accessibility: Usability Testing, Heuristic Evaluation, WCAG 2.1 AAA, DGA Standards Compliance
Design Systems: Reusable Components, Design Tokens, Component Libraries
AI & Emerging UX: Prompt Engineering, AI-Driven Product Design, Human-AI Interaction Research
Tools: Figma, Claude Code, Claude Design
Languages: Arabic (Native), English (Professional)
